

## Table Of Contents

### **Acknowledgments**

### **Introduction**

#### **Chapter 1: Chassis Upgrades**

Frame

Suspension

Handling

Project 1: Frame Boxing

Project 2: Tubular Control Arm Kit Installation

Project 3: Mini Tub Kit Installation

Project 4: Suspension Kit Installation

#### **Chapter 2: Building a Performance Steering System**

Steering Box

Steering Linkage

Steering Column

Steering Wheel

Project 1: Quick-Ratio Steering Box Installation

Project 2: Steering Column Installation

#### **Chapter 3: Wheels and Tires**

Appearance

Performance

Project 1: Wheel and Tire Fitment

#### **Chapter 4: Building a Performance Rear Axle**

Upgrades to Your Original Axle 44

Project 1: Setting Up a Ford 9-inch Differential

#### **Chapter 5: Brake Upgrades**

Performance Factors

Proportioning Valve

Master Cylinder

Roll Control Solenoid

Project 1: High-Performance Brake System Installation

#### **Chapter 6: Engine Upgrades**

Ignition System

Exhaust System

Intake System

Cylinder Head and Camshaft

Project 1: Performance Ignition System Installation

Project 2: Fuel-Injection System Installation

## **Chapter 7: Engine Swaps**

Gen I vs LS

LS Series Benefits

Engine Sources

Budget Requirements

Project 1: LS Engine Installation

Project 2: Water Pump and Front Accessories Installation

Project 3: Engine Installation

## **Chapter 8: Performance Fuel System**

Fuel Tank

Fuel Line

Fuel Filter

Fuel Pump

Project 1: Fuel Line Installation

## **Chapter 9: Performance Cooling System**

Overheating Diagnosis

Electric Fan

Belt-Driven Fan

Radiator

Project 1: Radiator Installation

## **Chapter 10: Performance Exhaust**

Headers or Manifolds

Tailpipes

Exhaust Tubing

Mufflers

Project 1: Performance Exhaust Installation

## **Chapter 11: Overdrive Transmission Swaps**

Automatic Transmissions

Manual Transmissions

Project 1: Clutch Installation

Project 2: Transmission Installation

## **Chapter 12: Wiring Upgrades**

Wiring Harness

Battery

Starter Solenoid

Relays

Master Disconnect Switch

Project 1: Wiring Harness Installation

Project 2: Trunk-Mounted Battery Tray Installation

Project 3: Master Disconnect Switch Installation

## **Chapter 13: Performance Interior**

Seating

Safety Cage

Dash

Sound Deadening

Project 1: Roll Cage Installation

Project 2: Interior Installation

## **Source Guide**
