BM12-L
STEP LIP CONCAVE
F O R G E D

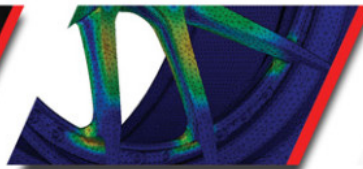

LIGHTENING POCKETS

THE BACKPAD OF EACH WHEEL IS SPECIFICALLY MACHINED TO LIGHTEN WEIGHT.

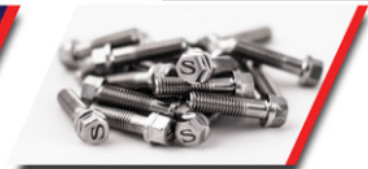

REGISTER WEIGHT REDUCTION

TO FURTHER REDUCE THE WEIGHT OF EACH WHEEL, UNNECESSARY MATERIAL ARE MACHINED WHICH ENHANCES CENTRIFUGAL ACCELERATION AND REDUCES UNSPRUNG WEIGHT.

FEA SIMULATION ON EACH FITMENT

EACH WHEEL IS DESIGNED AND MACHINED TO VEHICLE SPECIFICATIONS BY SIMULATING FINITE ELEMENT ANALYSIS (FEA) WHICH ALLOWS EACH WHEEL TO BE OPTIMIZED AND ENHANCES THE VEHICLES PERFORMANCE.

TITANIUM BOLTS

OPTIONAL TITANIUM BOLTS REDUCE UNSPRUNG WEIGHT AND ENHANCES CENTRIFUGAL ACCELERATION.

NOW AVAILABLE BLACK DI FORZA BM12-L | SAVINI WHEELS

Our **Black di Forza** collection is a fan favorite since they're stylish and functional, making them perfect for your everyday ride. The **BM12** wheel style will perfectly accentuate a wide variety of rides thanks to its multi-spoke design. The wheel might be one of our older styles, but it's still a classic design that comes in various fitments, sizes and finishes - allowing you showcase your individual style on your ride. You can also opt to get our These forged wheels BM12 wheel style in our all-new limited edition step lip concave **BM12-L** forged wheel, which will only have 25 sets available. They also come in custom finishes and are available in sizes 20", 21" and 22". If you'd like to see what the BM12 and BM12-L styles look like on your ride, check out the various rides below!
