FORGED

SERIAL NUMBER LIMITED EDITION

EACH SPECIAL, LIMITED DESIGN IS MARKED AND IDENTIFIED ON THE FACE OF EACH WHEEL WITH A SERIAL NUMBER, WHICH IS ENGRAVED TO.

HUB CENTRIC

EACH SAVINI WHEEL SET IS MACHINED EXACTLY TO VEHICLE SPECIFICATIONS TO INSURE EACH WHEEL SITS CENTRIC TO THE HUB OF THE VEHICLE. MORE IMPORTANTLY, IT ELIMINATES VIBRATION.

ALUMINUM CENTER CAP

OUR ALUMINUM CENTER CAPS ARE DESIGNED TO COMPLEMENT FORGED CUT CENTERS, WHICH IS STRONGER.

LIGHTENING POCKETS

OUR WHEELS OFFER EXTREME WEIGHT SAVINGS THANKS TO OUR ABILITY TO POCKET UNNECESSARY WEIGHT, WHICH ALSO ENHANCES CENTRIFUGAL ACCELERATION AND MAINTAINS.

NOW AVAILABLE BM13 & BM13-L | SAVINI WHEELS

Our **Black di Forza** wheel collection is a favorite with customers since they easily complement a wide variety of rides and are great for everyday use. Although our **BM13** style has been in our arsenal for a while, it's still a timeless style that will add elegance, style and function to any ride it adorns. The multi-spoke wheel comes in a multitude of standard and custom finishes, as well as a wide range of fitments, which make it perfect for luxury, performance and daily drivers. We also offer the **BM13** style in our limited edition step lip concave **BM13-L** forged wheel, which has only 25 sets available for each style. The special wheel features a step lip outer, floating concave center and a special serial number marked for authentication. We offer many custom finishes and the **BM14-L** wheels are available in sizes 20", 21" and 22". Check out what the **BM13** wheel style looks like below on the Mercedes-Benz S550 below!
