Features & Benefits

Whether you're looking for home/office or on-the-go wireless charging, Scosche has a product for you.

And no matter what product you choose, you'll get these terrific features and benefits.

- Up to 10W of wireless charging power.
- The safe, quick, reliable, proven mounting security of the #1 Mount Brand
- The peace of mind of knowing you own a Qi Certified wireless charger thoroughly tested by independent laboratories to ensure its safety, interoperability, compatibility and energy efficiency.
- The open design ensures full access to all your device's controls and ports.
- Easy, one-hand device use.
- Advanced safety features like Foreign Object Detection which safeguards your device.
- 4-axis adjustability with lock-nut positioning for virtually limitless device positioning (except on Vent mount model).
- A MagicPlate™ Placement Template for optimal non-magnetic metal plate placement to ensure maximum charging operational performance.
- Compatible with Apple iPhone 8 - iPhone 11, Samsung Galaxy S6-S10/S10+ Plus as well as Qi-enabled devices from Google™, Microsoft™, LG™, HTC™ and Motorola™, Sony® and Blackberry® Note: iPhone 11 MagicPlates™ need to be adhered to a phone case for full support

When it comes to quality car mounts & chargers, Scosche is the brand you can depend on.
