

PROTECT YOUR CAR FROM STEEP DRIVEWAYS

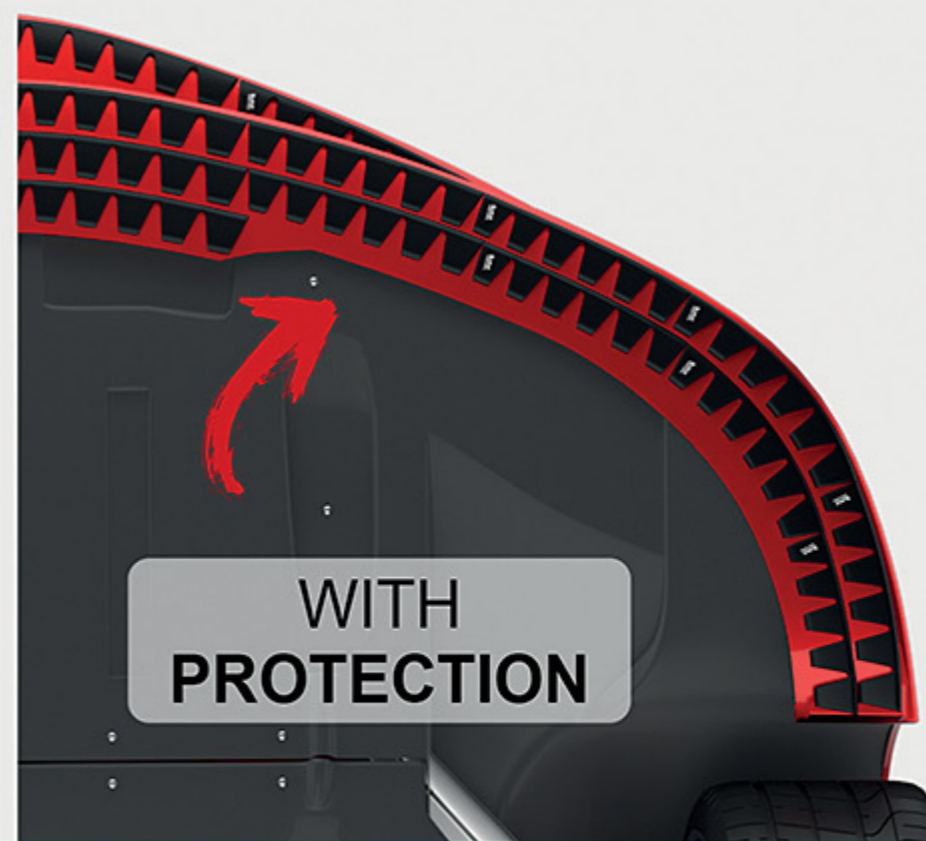

SLIPL0 protects underneath the front bumper of your car from possible damages.

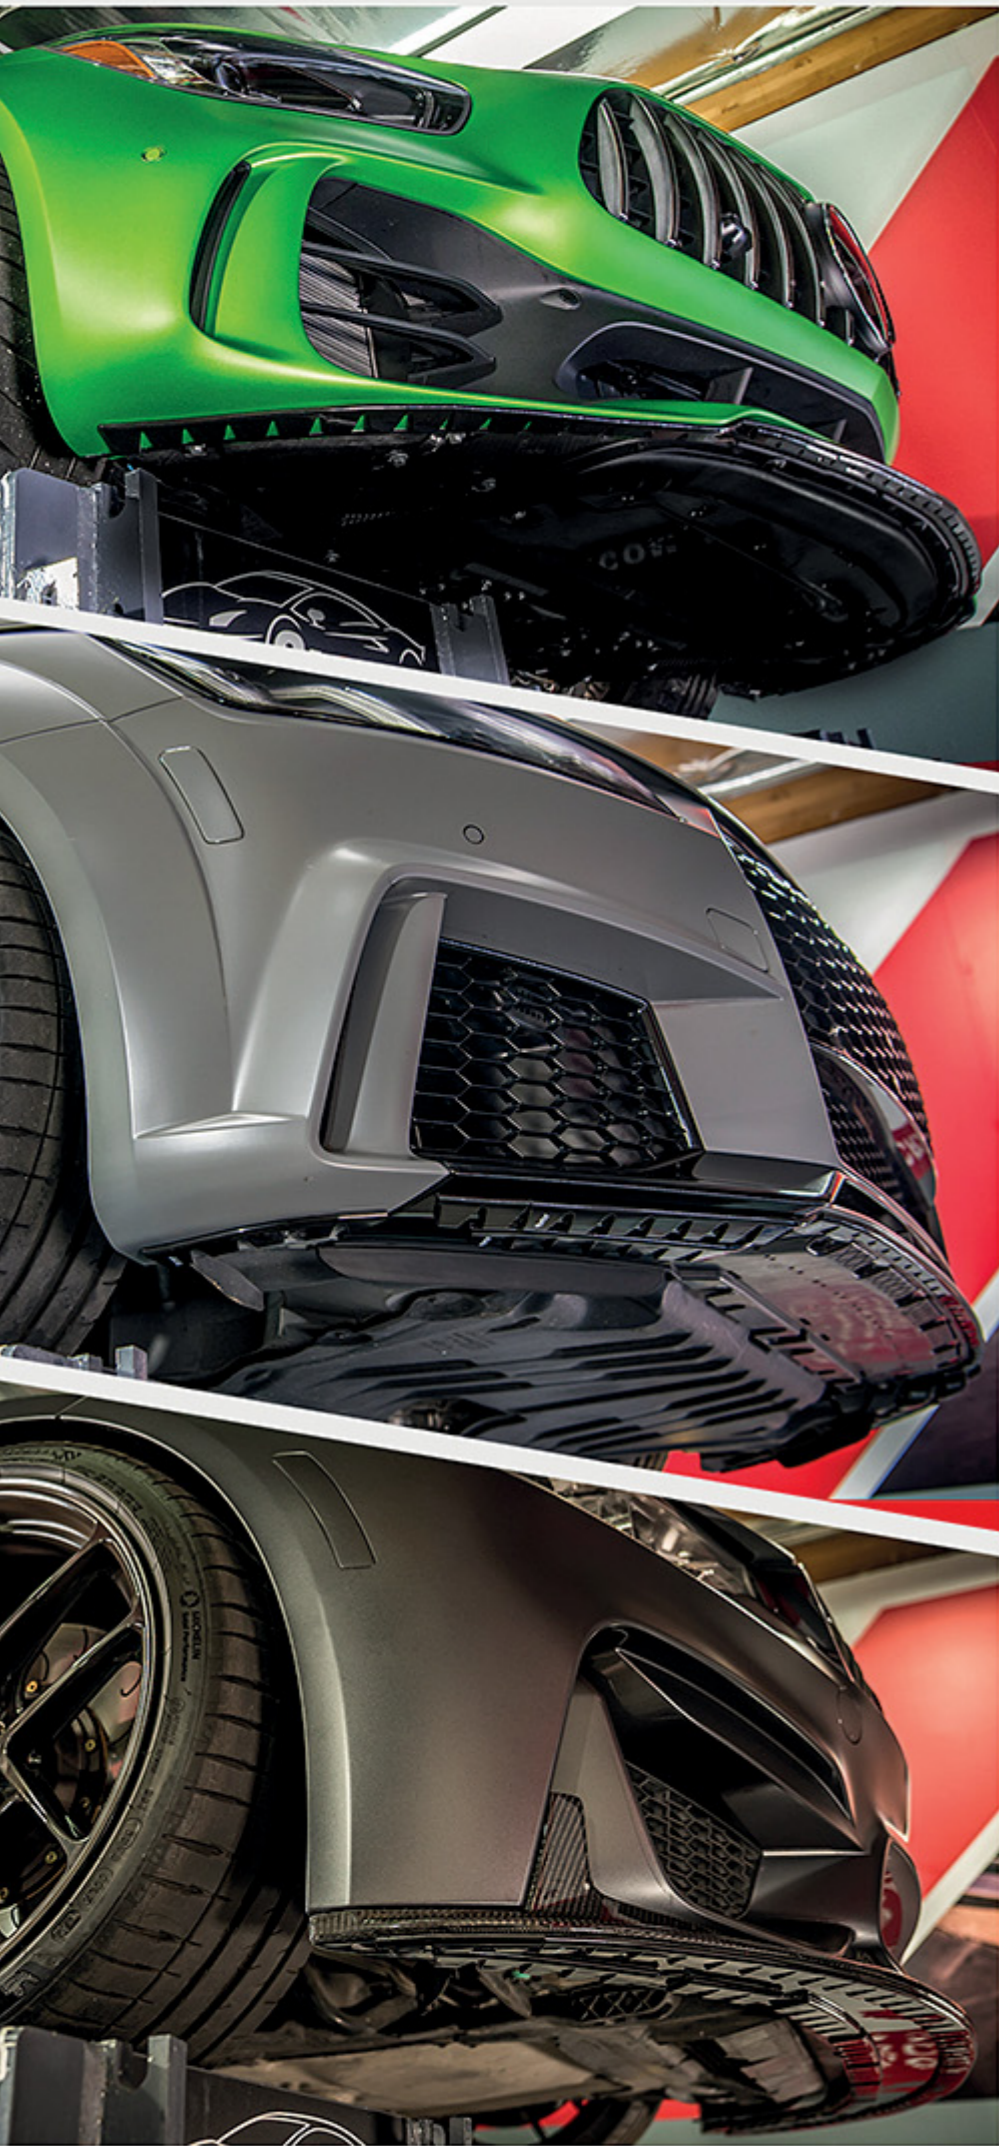

With no drilling and no damage to the paint, SLIPL0 attaches using *Tough as Nail* 3M double sided adhesive to your new car's bumper.

That means no holes to drill, no riveting, no liquid adhesives to cure, no weld distortion, no clean up.

WORRY NO LONGER!

- Amazing new scratch-preventing add-on!
- No more worrying about sharp driveway scrapes
- Keeps your bumper looking brand new
- No drill solution, installs without damage to your car
- One size fits all can protect all your cars
- Low profile aerodynamic design looks like a factory add on your car
- 10-Year warranty protects you!

Listen to what international spokesperson, model and car enthusiast Fabio has said about SLIPLO Bumper Scrape Guard on his Lamborghini Aventador

"The peace of mind I get from the new SLIPLO scrape guard makes all

The difference for me. Now I can drive my Lamborghini anywhere I want without that nagging fear of messing it up. Makes driving much more enjoyable, especially around town!"
