SMITH & WESSON® 2016

At Smith & Wesson®, we are proud of our long-standing role in American history. For over 164 years, we have achieved success by designing and developing products that meet your needs and deliver unmatched superiority. We are proud to present you with our 2016 product catalog, featuring our newest pistols, revolvers, rifles and accessories.

This year marks the tenth anniversary of our M&P® family of firearms. We continue to expand this popular brand, providing loyal fans with innovative options that deliver performance and value to the shooting experience. In three short years, we have shipped over 1 million of our popular M&P SHIELD™ pistols, which were designed for concealed carry and have become the consumer firearm of choice for personal protection. We celebrate this milestone by sharing with you the new Performance Center® Ported M&P SHIELD, created by our world-class gunsmiths. In other firearms, our M&P modern sporting rifles lead the market in consumer choice. For 2016, we have expanded the standard features you will find on our M&P 15 SPORT™ II rifles, making them easier-than-ever to accessorize. Lastly, debuting in 2016 is our new Smith & Wesson SW22 VICTORY™, a modular design, metal-framed target pistol with fiber optic front and rear sights. This highly customizable and incredibly accurate .22 caliber pistol will keep you on target round after round and will provide years of unmatched performance.

Our 2016 catalog also features a wide selection of quality shooting related products manufactured under our Smith & Wesson accessories division, Battenfeld Technologies, Inc.® As we expand this exciting new part of our business, we look forward to bringing you an even greater selection of innovative accessories under our Smith & Wesson, M&P and Thompson/Center Arms™ brand names.

The firearms and accessories within these pages are the culmination of our rich history of innovation, precision manufacturing, and unrivaled craftsmanship. We are proud to share them with you, and we are honored that you have made Smith & Wesson part of your shooting experience.

James Debney
President and Chief Executive Officer

M&P®

by **Smith & Wesson**®

Precision built to be the most accurate and reliable firearms, the M&P series is an experience you have to feel to believe. Durable and comfortable, they are capable of handling as many rounds as you are. With an ever-expanding line of full-size, compact and sub-compact pistols, revolvers and modern sporting rifles, M&P brings premium firearms to serious shooters.

Compact, sleek and ergonomic, the M&P BODYGUARD 380 delivers personal protection in an easy-to-carry, comfortable platform. Chambered for .380 AUTO, the lightweight pistol features a high-strength polymer frame with a black, matte-coated stainless-steel slide and barrel. The M&P BODYGUARD 380 retains original design features including a 2 ¾-inch barrel, which contributes to an overall length of 5 ½ inches and an unloaded weight of only 12.3 ounces making it perfectly suited for concealed carry.

M&P® BODYGUARD® SUB COMPACT

PISTOL FEATURES AND BENEFITS

Features shown below are not available on ALL models featured in this section. Please see individual specs for details on page 18.

- Crimson Trace® integrated laser models.
- Ambidextrous laser controls.
- Adjust laser without any disassembly of the firearm.
- Stainless steel slide and barrel.
- Stainless steel drift adjustable sights.
- External takedown lever & slide stop.
- Manual thumb safety (optional).
- Double action fire control.
- High-strength polymer frame.
- Ergonomic grip.
- Two magazines included (extended finger tab and flat magazine butt plate).
- Armornite® finish on the barrel and slide.

Armornite® finish is a hardened nitride finish that provides: Enhanced corrosion resistance, greatly improved wear resistance, decreased surface roughness, reduced light reflection and increased surface lubricity. Armornite is used on many S&W and M&P products imparting a high level of protection internally and externally where applied.

M&P brings premium firearms to serious shooters, with an ever-expanding line that now includes full-size and compact pistols, revolvers and modern sporting rifles. As expectations keep changing, M&P keeps changing to meet them, refining what works. The key to staying ahead is realizing there is no finish line, there is only a pace, set by those who continually advance.

M&P® PISTOLS COMPACT

FEATURES AND BENEFITS

- Compact version of the popular full-size M&P Pistol.
- Two magazines included. One standard and one extended finger groove.
- Picatinny-Style Rail fits most accessories.
- Reversible magazine catch for both left and right hand shooters.
- Scalloped slide serrations for a secure grip when retracting slide.
- Rotating take down lever is user friendly for disassembly or reassembly of the firearm.
- Ambidextrous slide stop gives the ability to operate the firearm easily by both right or left-handed users.
- Sear deactivation lever allows disassembly of the firearm without pulling the trigger.
- Ambidextrous thumb safety. (Available on some models).
- Three interchangeable grip sizes to fit the individual shooter's hand.

The M&P Pistol Series offers a number of distinctive features that provide durability, safety and versatility. These features include a lightweight, high-strength polymer frame reinforced with a rigid stainless steel chassis and a thru-hardened black Armornite® coated, stainless steel barrel and slide for durability; a passive trigger safety to prevent the pistol from firing if dropped; and a sear deactivation lever that eliminates the need to press the trigger in order to disassemble the firearm. A loaded chamber indicator is located on top of the slide to allow a visual check to see if the chamber is empty.

M&P® PISTOLS FULL-SIZE

FEATURES AND BENEFITS

- Three interchangeable, Palmswell grip sizes to fit the individual shooter's hand and shooting style.
- Contoured front slide for easy re-holstering.
- Picatinny-style rail fits most picatinny-style accessories.
- Reversible magazine catch for both left and right hand shooters.
- Rotating take down lever is user friendly for disassembly or reassembly of the firearm.
- Ambidextrous slide stop gives the ability to operate the firearm easily by both right or left-handed users.
- Sear deactivation lever allows disassembly of the firearm without pulling the trigger.
- Ambidextrous thumb safety is an additional safety feature to block trigger movement (available on some models).
- Ships with two magazines.

M&P22 – Connecting the shooter to the shot. When you can utilize all the features of your gun without having to think about a single one, that's when you know there's an M&P in your hand. A gun you'll recognize the moment you pick it up. The M&P22 line, chambered in the popular .22 Long Rifle cartridge, combines the look, feel and familiar operation of popular M&P centerfire pistols. Ideally suited for training or pure shooting enjoyment, this semi-automatic pistol upholds M&P's distinguished legacy of shooter-centric design.

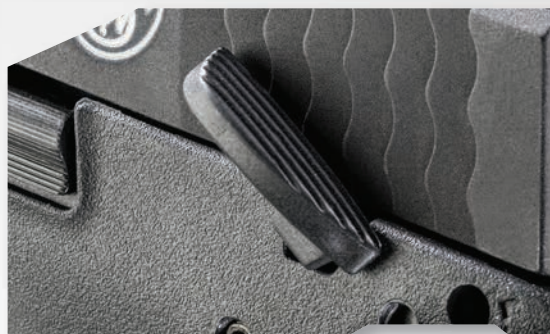

M&P® 22 PISTOLS FULL & COMPACT

Backed by the company's reputation for high quality components and consistent, proven reliability, the new M&P®15 SPORT™ II rifle offers enhanced upgrades to the original, industry leading M&P®15 SPORT™ rifle. Delivering a ready-to-go package with the additional features of a forward bolt assist and dust cover, the M&P®15 SPORT™ II rifle brings added value to this already time-tested platform. Dependable, accurate and engineered for a wide variety of recreational, sport shooting and professional applications, the M&P®15 SPORT™ II rifle offers the best combination of price and function. Manufactured on a forged upper and lower receiver constructed of 7075 T6 aluminum, the new M&P®15 SPORT™ II rifle is as rugged as it is capable.

M&P® 15 SPORT™ II RIFLES

FEATURES AND BENEFITS

- Forged, integral trigger guard offers the optimal space needed for gloved fingers.
- Chromed firing pin for extended life.
- Armornite® finish on barrel - a durable, corrosion - resistant finish for longer life.
- Magpul® MBUS® folding rear sight.
- 6-Position collapsible stock to accommodate various shooter sizes.
- 30 round Magpul® PMAG® or 10 round magazine.
- M4 feed ramps for reliable feeding.
- Compatible with most standard AR15 components and accessories.

Armornite[®] finish is a hardened nitride finish that provides: Enhanced corrosion resistance, greatly improved wear resistance, decreased surface roughness, reduced light reflection and increased surface lubricity. Armornite is used on many S&W and M&P products imparting a high level of protection internally and externally where applied.

M&P15 – Where ballistics meets ergonomics. Built to perform for multiple uses and under various conditions, the M&P15 forms the intersection between lightweight and rugged. Chambered in 5.56mm NATO/.223 and .300 Whisper® results in lower recoil, making the M&P15 an ideal modern sporting rifle for competitive sport shooting, hunting and other practical shooting competitions. Control, comfort and certainty are yours with the M&P15.

M&P® 15 RIFLES 300 WHISPER®

FEATURES AND BENEFITS

- Manufactured on the M&P15 modern sporting rifle platform.
- Chambered in .300 Whisper®. Will also safely fire .300 AAC Blackout.
- Very effective, short range round (approx. 200 yards) for hunting deer-sized game.
- Low recoil and muzzle blast.
- Designed to operate with or without sound suppressor.
- Barrel threaded to 5/8-24.
- Feed ramps and gas system optimized to run efficiently with a full range of factory loaded sub-sonic and super-sonic ammunition, both suppressed and unsuppressed.
- Barrel twist rate (1 in 7.5") is compatible with a wide variety of bullet weights from 110 to 220+ grains.

Armornite® finish is a hardened nitride finish that provides: Enhanced corrosion resistance, greatly improved wear resistance, decreased surface roughness, reduced light reflection and increased surface lubricity. Armornite is used on many S&W and M&P products imparting a high level of protection internally and externally where applied.

Smith & Wesson®

For sport, recreation, protection and professional use, you can feel confident standing behind 164 years of reliability and accuracy. Smith & Wesson knows firearms and the world knows Smith & Wesson. Only the best will do.

Introducing the Smith & Wesson SW22 VICTORY™ pistol, the newest addition to the Smith & Wesson line of pistols. The SW22 VICTORY™ pistol comes standard with adjustable fiber optic sights and a match grade, interchangeable barrel for superb accuracy at the range or in the field. Other features include simple one-screw takedown, two 10-round magazines and a stainless steel frame. The SW22 VICTORY™ pistol comes with an additional Picatinny-style rail for mounting optics or other equipment, creating a versatile pistol for both hunting and target shooting.

SW22 VICTORY™ PISTOLS

FEATURES AND BENEFITS

- Adjustable trigger stop to prevent overtravel.
- Steel reinforced polymer thumb safety for more durability.
- Stainless steel blow-back system allows the user to stay on target easier.
- Picatinny-style rail included for accessory mounting.
- Front sight with fiber optic insert.
- Adjustable rear sight with fiber optic insert.
- Match grade stainless steel barrel.
- Easy takedown.

The SD9 VE™ and SD40 VE™ pistols combine the best of both price and functionality in a reliable, ergonomic firearm engineered for personal protection. For optimal comfort and control, the SDVE™ pistols have been fitted with an 18° grip angle for a natural point of aim and an ergonomic grip with aggressive front and back strap texturing. The SDVE™ pistols also have the reliable Self Defense Trigger (SDT™), which provides a smooth, consistent trigger pull and enhances accuracy while providing users with increased confidence. Built to deliver dependability, accuracy, comfort and value, the SDVE™ models provide the peace of mind long associated with the Smith & Wesson name.

SDVE™ SERIES PISTOLS SELF DEFENSE

FEATURES AND BENEFITS

- Polymer frame for lightweight carry.
- Stainless steel slide and barrel for extended life.
- Fixed white dot sights for quick target acquisition.
- Striker-fired action for low maintenance.
- SDT™ - Self defense trigger for optimal, consistent pull from first round to last.
- Ergonomic, textured grip for confident hold.
- Picatinny-style equipment rail.
- Textured finger locator on frame for same hand hold each time.

State compliance subject to change.

The tradition of innovation that began in 1852, endures today in Smith & Wesson's newest line of versatile and powerful revolvers. Smith & Wesson revolvers are synonymous with accuracy, reliability and power. Regardless of your choice, a concealable J-Frame or an extra-large frame Model 460XVR™ .460 S&W Magnum, you can rest assured that the same level of dedication to craftsmanship and design is embodied in each revolver produced by Smith & Wesson. The unquestioned superiority of a Smith & Wesson revolver is evidenced in any model, caliber or frame size. Smith & Wesson revolvers hold true.

REVOLVERS SMALL FRAME (J)

Performance Center® by Smith & Wesson®

See our complete line of Performance Center Firearms on pages 55 - 73

Performance Center® by Smith & Wesson®

Performance Center revolvers, pistols, and modern sporting rifles are the embodiment of old-world hand craftsmanship and modern technology. The Performance Center offers sophisticated shooters limited run, uniquely designed firearms with special features. When the most experienced and demanding shooters in the world are in the market for a new firearm, they turn to the Smith & Wesson Performance Center.

Performance Center Ported pistols are skillfully engineered with the competition shooter in mind. Open class members and action pistol competitors will appreciate the pistol's precision cut ports which aid in reducing muzzle flip and improve the ability to remain on target after firing. Accuracy and precise shot placement during competition benefit from the addition of a Performance Center sear. The specialized sear allows for a crisp trigger pull along with a fast, defined reset in between shots.

PERFORMANCE CENTER® M&P® PISTOLS

FEATURES AND BENEFITS

Features shown below are not available on ALL models featured in this section. Please see individual specs for details on page 71.

- Ported barrel and slide for reduced muzzle flip.
- Adjustable trigger stop to reduce overtravel.
- Three interchangeable, newly enhanced, textured palmswell grip sizes to fit any hand size.
- C.O.R.E.™ - Competition optics ready slides cut to accept several optics (mounting plates are included).
- Enhanced trigger for smoother action.
- Performance Center sear for a more positive trigger reset and a lighter trigger pull.

Features shown below are available on some models

C.O.R.E.™ – SLIDE CUT TO ACCEPT OPTICS:
Trijicon® RMR, Leupold® Delta Point, Jpoint, Doctor, C-More STS, Insight® MRDS

**PORTED BARREL & SLIDE

PRO SERIES® is used under license.

See Performance Center® M&P Pistol Availability on Page 71.

Bridging the gap between the standard production line and the Performance Center line, the Smith & Wesson PRO SERIES® represents the next step up for most firearm enthusiasts. These firearms offer a variety of enhancements, yet still remain true to stock models. Bringing competition specifications and features to factory models, the PRO SERIES® presents a whole new world of performance to gun owners.

The standard Performance Center revolver is not so standard by conventional definitions. We incorporate ergonomic designs that complement the users intended purpose, whether it be for hunting, carry or competition. Cylinder charge holes are counter sunk for easy loading and extraction. Performance Center pistols and revolvers deliver structural integrity, functional efficiency, dependability and performance in a creative design to meet or exceed the standards of the world's most uncompromising shooting enthusiasts.

PERFORMANCE CENTER® REVOLVERS

FEATURES AND BENEFITS

Features shown below are not available on ALL models featured in this section. Please see individual specs for details on pages 72 & 73.

- Cylinder cut for moon clips for easier reloads.
- Night sights for low light target acquisition.
- Ergonomic grips for a more comfortable grip.
- Titanium cylinders that are lighter and stronger.
- Chamfered charge holes for faster reloads.
- Bossed mainspring improves the smoothness and consistency of the trigger pull.
- Removable compensator for less muzzle flip.
- Chromed hammer and trigger for crisper action.
- Chromed trigger stop helps reduce overtravel.
- Custom barrel with recessed precision crown to preserve accuracy.
- Custom tuned actions.

SMITH & WESSON® ENGRAVING

MACHINE ENGRAVING

Smith & Wesson now offers machine-engraved firearms from our Custom Engraving Shop. This new technology utilizes a diamond-tipped tool that etches the design into the surface of the firearm, producing an exceptionally clean and remarkably sharp hand-engraved appearance.

CUSTOM ENGRAVING

You can custom engrave any Smith & Wesson firearm or classic firearm that you own to create your personal masterpiece. The application of precious metals, as well as the art of embellishment, results in a one-of-a-kind piece that reflects not only the skill and vision of the master engraver, but also the artistic expression of the owner.

Battenfeld
Technologies, Inc.

Battenfeld Technologies Inc.® (BTI) is a subsidiary of Smith & Wesson Holding Corporation. BTI is a proud member of the Smith & Wesson® family. Battenfeld Technologies, Inc. is the industry leading manufacturer of shooting, reloading, gunsmithing and gun cleaning supplies. We produce innovative, top quality products under Smith & Wesson® Accessories, M&P® Accessories, Thompson/Center Arms™ Accessories, Caldwell®, Wheeler Engineering®, Tipton®, Frankford Arsenal®, Hooyman®, Bog-Pod®, Non Typical Wildlife Solutions™, Lockdown®, and Golden Rod®.

ACCESSORIES

A

Product: 110042
Model: SIGMA™
ELECTRONIC
HEARING PROTECTION

- Folding compact design
- Fixed padded headband
- Adjustable cushioned ear cups
- ANSI S3.19-1974 Rated
- Amplifies low level sounds
- Compresses high Db noises
- Uses 4 "AAA" batteries (INCLUDED)
- 20 NRR noise reduction

B

Product: 110094
Model: PASSIVE
HEARING PROTECTION

- Ultra lightweight
- Compact folding design
- Cushioned PVC ear cups
- Padded headband for comfort
- 33 NRR noise reduction

C

Product: 110093
Model: PASSIVE
HEARING PROTECTION

- Low profile ear cups
- Padded headband for comfort
- Compact folding design
- Cushioned PVC ear cups
- Ultra lightweight
- 25 NRR noise reduction

C	110093	RANGE MUFF LOW PROFILE	Passive Low Profile Hearing Protection	25 NRR

ACCESSORIES

All Smith & Wesson® and M&P® gun cases and bags are designed with quality and durability in mind. Built to hold up under extreme use in harsh conditions, these cases and bags have features such as: durable ballistic fabric, heavy duty hardware, oversized zippers, high quality hook & loop closures, and thick nylon strapping.

A

Product: 110013
Model: RECRUIT™
TACTICAL RANGE BAG

OUTSIDE:

- Adjustable 2" wide padded carrying strap
- Dual zippered opening gives ample room
- Reinforced wrap around nylon carrying handles with rubber foot skids on the bottom for extra protection
- 2 inside full length accessory pockets
- Internal dimensions of main compartment: approx. 15" l x 8" w x 8" h

B

Product: 110022
Model: MAGNUM™
HANDGUN CASE

INSIDE:

- Internal dimensions: 21" l x 9.5" h x 1.5" d
- Padded walls for protection

OUTSIDE:

- Full length zipper for easy access
- Full wrap around heavy duty nylon handles for security
- 2 external accessory/magazine pouches with full flap hook & loop closure: 4.5" w x 8" h x 2" d

C

Model: DEFENDER™
HANDGUN CASES

INSIDE:

- Perfect for transporting or storing individual handguns
- Padded walls for protection

OUTSIDE:

- Full length zipper for easy access

SHOOTING MAT

- Rolled out mat is 74" l x 34" w
- Additional roll out panel on the end is 12" l x 32" w
- Roll out panel has 9" x 4.5" hook & loop pocket for accessories
- Main pad is heavily padded for comfort
- 4 reinforced grommets at the corners for security on the ground
- 3 reinforced zones on main pad help keep knees and elbows secure
- Mat rolls up and secures with 2 wrap around nylon straps with hook & loop fastening
- External nylon heavy duty carry handle
- Wide nylon shoulder strap with movable shoulder pad
- Made of heavy duty waterproof laminated fabric

B

Product: 110030
Model: SLING KIT
SINGLE POINT TACTICAL SLING

SLING

- Ambidextrous receiver end plate included
 - Premium spring loaded quick detach carabiner
 - Flexible high density bungee strap with nylon over case
 - "Quick ditch" side release buckle
 - Fully adjustable
 - Convenient and safe side carry position
 - Ambidextrous for all shooters
 - Quick to deploy
- ### AR RECEIVER END PLATE
- Ambidextrous for all shooters
 - Accepts snap hook style attachments
 - One solid steel plate
 - End Plate Made in the USA

C

Product: 110041
Model: ALPHA™
ELECTRONIC
HEARING PROTECTION

- Folding compact design
- Padded headband
- LED "ON" indicator light
- Audio input jack plays your MP3 music
- Adjustable cushioned ear cups
- ANSI S3.19-1974 Rated
- 23 NRR noise reduction
- Amplifies low level sounds
- Compresses High Db noises
- Uses 2 "AAA" batteries (*INCLUDED*)

D

Product: 110047
Model: DELTA OPS™
MULTI-GUN CASE

OUTSIDE:

- Made of durable ballistic fabric
- Heavy duty hardware
- Full length dual zipper closure with full length fold over flap with snap closure
- Heavy Duty "Drag" strap at one end of the bag
- 2 long external zippered pouches with internal straps and dual side release buckles
- 10 single M.O.L.L.E. straps on one side with an additional 18, 1" wide nylon loops for added customization

INSIDE:

- Internal dimensions: 44" w x 10.5" h x 2" d
- 2 full length gun slots with removable padded center divider
- Padded internal perimeter ring for added protection
- Removable 3 point padded adjustable shoulder strap harness
- 2 dual side release buckles on the straps allow for "quick ditch" and the entire harness is attached to the bag with heavy duty metal spring clips
- 2" wide nylon shoulder strap with movable shoulder pad

2016 FLASHLIGHT CATALOG

SYMBOLS LEGEND

FLASHLIGHT SIZE CHART

COMPACT	-	5" and below
MID SIZE	-	5" to 6.5"
FULL SIZE	-	6.5" and up

Light Output - Total lumens of output.

Runtime - The amount of continuous runtime (in minutes) until the light output drops to 10% of its original value.

Beam Distance - The calculated distance in meters at which the flashlight produces a light intensity of 0.25 lux.

Water Resistance - There are three possible ratings:

IPX4 "**Water resistant**" Light can be splashed with water from all directions without water getting inside.

IPX7 "**Water proof**" The light can be submerged in 1 meter of water for 30 minutes.

IPX8 "Submersible" The light can be submerged for 4 hours to some depth greater than 1 meter.

Impact Resistance - Height, in meters, from which the light (including batteries) can be dropped onto concrete without cracking or breaking and still function.

WHITE LED - Useful for all general illumination purposes.

RED LED - Preserves night vision; useful in night-time or hunting and military type situations where low light conditions are preferred. Ideal in emergencies for signaling and safety.

GREEN LED - Aids in preserving night vision while offering useful illumination. Unless viewed straight on, green light is difficult to view by humans and animals. As a result, green light is less likely to startle or spook fish and game.

BLUE LED - Provides high contrast and allows the user to maintain adequate night vision, making it ideal for map and chart reading. Blue light aids in tracking traces of blood and bodily fluids. Blue light cuts through fog; it is the only color of light that can do this.

STROBE - Rapid, pulsating light, useful in emergency situations for both signaling and self-defense.

WEAPON MOUNTABLE - Flashlights sized to fit standard weapon mounts and are shock resistant to recoil.

COMPACT

GALAXY® RAY BLACK**Model #110198**

CASE PACK OF 12

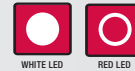

- Runtime: 30+hrs
- Beam distance: 6m
- Length: 2.25"
- Weight: 1 oz (w. batteries)
- Batteries: 4-LR44 (included)
- Water resistant
- Impact resistant

Anodized aerospace aluminum in matte black with deep diamond cut knurling for secure grip. Push button switch on tailcap for one-handed use. Aluminum spring clip keychain clasp.

GALAXY® RAY DUAL COLOR**Model #110199**

CASE PACK OF 12

Ratings for white beam:

- Runtime: 30+hrs
- Beam distance: 6m
- Length: 2"
- Weight: .8 oz (w. batteries)
- Batteries: 3-LR44 (included)
- Water resistant
- Impact resistant

Anodized aerospace aluminum in matte black with deep diamond cut knurling for secure grip. Push button switch on tailcap for one-handed use. Black aluminum spring clip keychain clasp.

GALAXY® RAY PINK**Model #110200**

CASE PACK OF 12

- Runtime: 30+hrs
- Beam distance: 6m
- Length: 2.3"
- Weight: .9 oz (w. Batteries)
- Batteries: 4-LR44 (included)
- Water resistant
- Impact resistant

Anodized aerospace aluminum in matte pink with deep diamond cut knurling for secure grip. Push button switch on tailcap for one-handed use. Aluminum spring clip keychain clasp.

COMPACT

GALAXY® 9 LED

Model #110204

CASE PACK OF 12

- Runtime: 60hrs
- Beam distance: 15m
- Length: 4.5"
- Weight: 4.1 oz (w. batteries)
- Batteries: 3 AAA (included)
- Waterproof
- Impact resistant

Anodized aerospace aluminum in matte black with deep diamond cut knurling for secure grip. On/off tailcap switch. Includes batteries and lanyard.
