

Overlander [Tent](#) Annex #2788

Few things are more rewarding than camping in the backcountry with family and friends. The Overlander Tent attaches to the roof of your vehicle and sets up in just minutes, keeping you safe and secure as you sleep. The new Annex can be added to the bottom of the deployed tent with rugged zippers. The optional Annex provides privacy and has windows and mosquito netting to ensure an enjoyable outdoors experience. Constructed from 600D heavy duty ripstop polyester, the 84-inch x 60-inch Annex provides space for v cooking, changing clothes, and more. The tent frame poles and included telescoping ladder are made from lightweight and durable anodized aluminum while the hinges are constructed from stainless steel. The Tent and Annex are easy to set up and take down, and when folded away a heavy duty PVC cover keeps them completely dry and free from UV rays. (Tent sold separately).
