

SMITTYBILT NEWS

CLASS: SB5 ISSUE: 33 MONTH/YEAR: FEB. 2010 PRODUCT HIGHLIGHT: XRC FRONT / REAR XRC ARMOR FENDER

FRONT /REAR FENDER

Smittybilt XRC JK Armor - The new line of XRC JK Front Fenders and Rear Corner Guards were specifically engineered to provide the maximum protection and clearance needed when you're pushing your rig through the toughest conditions. Each piece of XRC JK Armor is manufactured out of 3/16" cold rolled steel and then powder coated in Smittybilt's signature series two-stage finish. Each section of XRC JK Armor is designed to be a complete bolt-on with stainless steel fasteners and requires minimal modification to the vehicle. All of the XRC JK Armor comes with an inner fender liner to keep mud, snow or any other debris out of the engine compartment and wheel wells.

- No Modifications Required
- Complete Bolt-On Design
- 3/16" Cold Rolled Steel - Solid Platform
- Stainless Steel Fasteners - No Rust
- Replaceable Slide Plates - You'll need them
