NEWS

CLASS: SB ISSUE: 14 MONTH/YEAR: MARCH 2012 PRODUCT HIGHLIGHT: JK CORNER GUARDS

JK FRONT FENDERS & REAR CORNER GUARDS

The new line of XRC JK Front Fenders and Rear Corner Guards were specifically engineered to provide the maximum protection and clearance needed when you're pushing your rig through the toughest conditions. Each piece of XRC JK Armor is manufactured out of heavy duty cold rolled steel and then powder coated in Smittybilt's signature series two-stage finish. Designed to be a complete bolt-on with stainless steel fasteners and requires minimal modification to the vehicle. Comes with an inner fender liner to keep mud, snow or any other debris out of the engine compartment and wheel wells.

FEATURES

- Provides maximum wheel well clearance
- Complete system front, rear, sides
- 3/16" cold rolled steel - solid platform
