

FUEL PUMP HANGER ASSEMBLY

Innovative engineering, manufacturing technology and quality control ensure that Spectra Premium fuel pump hanger assemblies meet or exceed the performance of the original equipment they replace.

- Unit is designed to OE fit, form and function requirements accomplished by leveraging our OE fuel system design expertise
- Product come with installation instructions, wiring harness and installation hardware where applicable
- Improved OE connectors to eliminate excessive electrical resistance and provide better heat dissipation
- Includes strainers for smoother installation process and ensures a clean fuel system upon replacement
- Tested for voltage, amperage, resistance, pressure, and volume to ensure product performance and quality
- Engineered to stringent tolerances based on our Canadian engineers' in-depth knowledge of the OE part it's designed to replace
- Engineered and developed by Spectra Premium; proud member of the A.A.S.A. fuel pump manufacturers working group
