OEM VALANCE GRILLE

INSTALLATION INSTRUCTIONS

FOR 6 CYL MODELS USE P.N. 7x945

VERY IMPORTANT ! Read and understand all directions and check the following parts list before starting installation.

PARTS LIST					
1	Speed Grille Insert	1	Instruction Sheet	8	Installation Clips # 71098
1	Care For Grilles	1	Street Scene Emblem	4	1/4" Push In Fasteners 18379

TOOL LIST	
Flat Blade Screwdriver	

1. Raise front of vehicle to gain access to underside.
2. Remove the four fasteners securing the rubber air deflector to the front fascia by prying up on the edge and then prying out.
3. Install the Speed Grille insert into the opening from the front side and secure from the back side using the clips supplied. Use four clips across the top and four clips across the bottom. Clip 3" from each end and center the two remaining clips between. Refer to illustration for clipping procedure.

TYPICAL CLIP INSTALLATION
