1	Care For Grilles	1	Street Scene Emblem	6	1/4" Push In Fasteners # 18379

TOOL LIST
Drill Motor, 1/4" Drill Bit,

### NOTE:

**This Speed Grille Fits The Street Scene 950-70732 Gen 2 Front Fascia  
 Install Speed Grille Prior To Installing Fascia**

1. Set the Speed Grille into the opening in the fascia. Push it in so that the top reaches the back of the opening. Clip the top side using the six clips provided. Look at the illustration at the right for a reference on installing clip.
  
2. Push the bottom side of grille in to desired location. Drill six 1/4" holes thru the " Loop " in Speed Grille and into the urethane. Push in the fasteners to secure Speed Grille.

### TYPICAL CLIPPING INSTALLATION
