VERY IMPORTANT ! Read and understand all directions and check the following parts list before starting installation.

PARTS LIST					
1	Speed Grille Insert	1	Instruction Sheet	8	11" Ladder Ties # 10060
1	Care For Grilles	1	Street Scene Emblem	1 FT	2 Inch Wide Two Sided Tape

TOOL LIST	
Side Cut Pliers, Sand Paper, Razor Blade	

1. Remove the complete grille shell assemble from vehicle.
2. Place the grille on a protective covered bench or table.
3. Remove the Nissan logo from grille.
4. Attach the Speed Grille to the grille shell using the tie straps provided. Use four tie straps on the top and four on the bottom sides.
5. Loop the tie thru the Speed Grille (where it can not be seen from the front side) and around the plastic bar in grille shell. Install all ties before pulling tight. Cut off excess tie.
6. If you would like to re-install the Nissan emblem cut off flush all mounting tabs on the back side. Clean and install the two sided tape. Trim around the perimeter. Remove the red backing and install on Speed Grille over the Nissan silhouette behind grille.
7. RE-install Grille Shell to vehicle.
