**STEERING WHEEL SKIN COVERS**

Superskin® Genuine Leather Sew-On Steering Wheel Skin Covers instantly enhances the look of your steering wheel and complements all interiors. Our covers reduce the feel of road vibrations while ensuring a firm grip for added safety. Your steering wheel surface will feel warmer in the winter and cooler in the summer with the use of this product. Superskin® Genuine Leather Steering Wheel Skin Covers are hand crafted from selected skins of top grain leather.

Fits 14 1/2" to 15 1/2" diameter steering wheels.

**MEASURING IS EASY!**

1. Outside Diameter and
2. "Grip Circumference = Width" is needed to find your size. Measure wheel circumference at multiple points for variances, use thickest points if wheel has finger grooves for proper width fit.
