

INSTALLATION BULLETIN

2005 – 2006 Infiniti G35 Sedan

Due to changes in the design of the factory muffler on the 2005–2006 model year Infiniti G35 Sedan, a different type of exhaust mounting bracket is used that differs from 2003–2004 model year vehicles.

The 2005–2006 model G35 Sedans have carryover exhaust mounting provisions from the 2003–2004 model located on the chassis to accept installation of 2003–2004 mufflers and proper installation of the Tanabe Medalion Touring exhaust system, part number T70082.

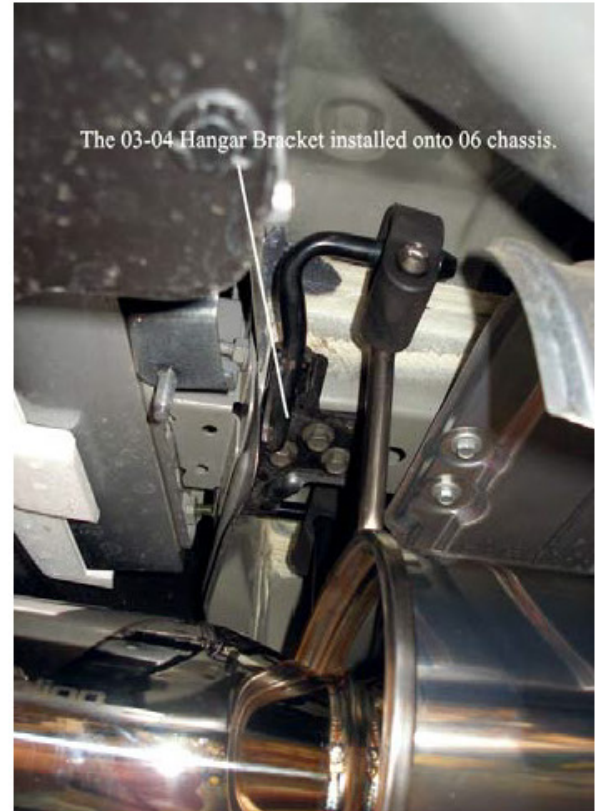

Installation of T70082 on 2005–2006 Models will require the purchase of Infiniti OEM equipment for proper mounting.

Infiniti OEM (Original) Parts Necessary*:

- x1 · **20742 AF400** · 03–04 G35 Sedan muffler mounting assembly
- x2 · **20651 AF400** · 03–04 G35 Sedan exhaust hangar bushing
- x3 · **08146 8252G** · Bolt

With the above installed, T70082 will perform as a factory replacement performance catback exhaust, with exact fitment, function and clearances.

** Original Parts numbers listed are for reference only.
Original Parts numbers are subject to change by Nissan/Infiniti.
Please consult with your Parts Department prior to purchase.*

The 03-04 Hangar Bracket installed onto 06 chassis.

The 05-06 model has provisions for the 03-04 bracketry.

The 06 Hangar Bracket, which sits above right on the canister

The 03-04 Hangar Bracket, which sits above the center of the canister

Tanabe Medalion Touring, Part number T70082 is designed for installation with the 2003–2004 Infiniti G35 Sedan hangar bracket. 2005–2006 Infiniti G35 Sedans will require the purchase of the 2003–2004 exhaust mounting assembly, shown above.
