

TECTRAN
Solutions for Transportation Equipment

SPIRAL WRAP LINE UP

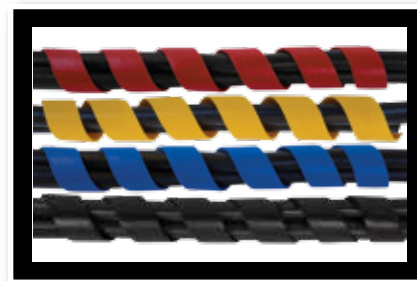

Tectran has expanded our line of spiral wrap to include three new, bold color options!
Extending the usable life of your connections never looked so good!

- Use on jumper lines, slider hoses, hydraulic, ABS lines etc.
- Can be used to protect a single line or to bundle multiple lines
- 1 1/4" I.D. ideal for bundling (2) 3/8" I.D. rubber air brake hose and (1) 7-way cable
- Protects from abrasion, cutting and chafing
- Beveled edge
- Prevents tangling and snagging
- Extends the life of your new or existing connection lines
- Excellent memory - Remains flexible to -40°F
- Easy to install
- UV Resistant

Part No.	Stk Code	Color	ID	Length
820SPR-Q	27443	Black	1 1/4"	25 ft
