

## Installation Instructions

### T-Connector

Cadillac XT5

#### **⚠ WARNING**

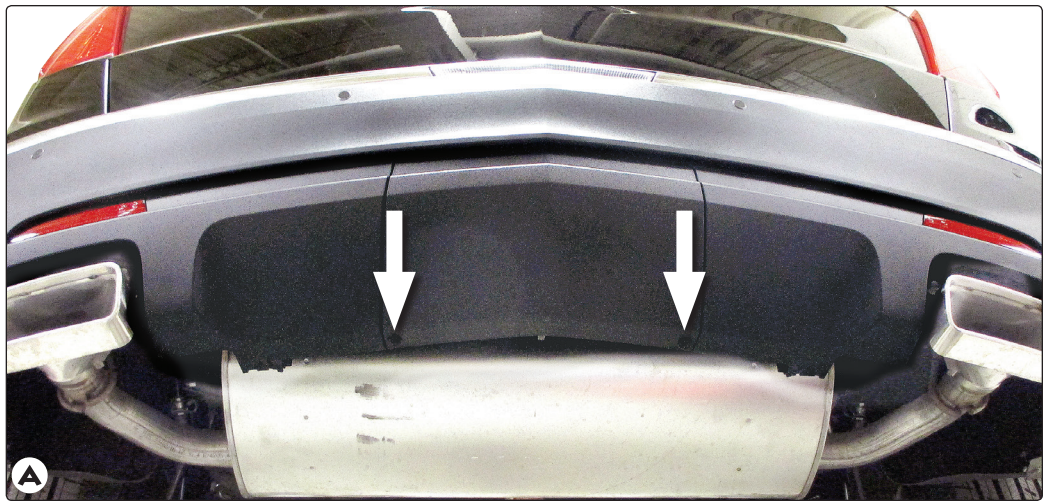

**ALWAYS** read and follow all warnings and instructions included with purchase before beginning installation. Keep for future reference.

**DO NOT** exceed lower of towing manufacturing rating (including in your vehicle owner's manual) or specific amperage ratings stated on product.

**ALWAYS** read, understand and follow all warnings and instructions printed on tow vehicle's battery.

**ALWAYS** wear safety glasses and use all safety precautions during installation.

#### **TOOLS REQUIRED:**

Trim Panel Puller, 7 mm Socket or Wrench, Test-probe

1. Locate access cover on vehicle rear bumper area. Using 7 mm socket or wrench, remove the two bolts holding cover to vehicle. Carefully remove cover and set aside **A**.
2. Locate the 16-Pin and 4-Pin connectors behind cover area. Remove factory tow harness protective caps and check to see if the mating surface is clean and free of dirt, clean if necessary. Insert the 16-Pin tow plug adapter and lock into place. Insert the 4-Pin tow plug adapter and lock into place. Ensure that the connectors are fully inserted with locking tabs in place **B**.
3. Secure the remainder of the T-One® T-Connector harness with the cable ties provided, to prevent damage or rattling and being careful to avoid any areas that would pinch, cut or melt the wire.
4. Determine 7-Way mounting location. Route the harness containing the 7 wires along the inside of the bumper toward the center of the vehicle and to 7-Way mounting location.
5. Plug the 7-way socket (provided) into the Trailer Tow Harness.

6. Replace the cover removed during installation.

#### **⚠ WARNING**

All connections must be complete for the T-One® T-Connector to function properly. Test and verify installation with a test light or trailer once installed. For initial test, reset vehicle electrical system by temporarily removing the key from the ignition.

#### **⚠ WARNING**

Overloading circuits can cause fires. DO NOT exceed stated product ratings. Read vehicle's owner's manual & instruction sheet for additional information.
