

Instructions for

Trick Flow TFX Electric Fuel Pump for EFI Engines TFS-25004P

Safety Notice: Any time you disconnect a fuel line you create a potential fire hazard. It is highly recommended that you observe all fire safety precautions.

Be sure to observe all shop safety rules!

Installation Instructions

1. This is a universal fuel pump that is designed to be mounted in-line and should not be mounted inside a fuel tank.
2. The inlet of the fuel pump is the end **without** the electrical connections on it, the arrow shows the direction of fuel flow.
3. Slide the two supplied cushioned clamps onto the pump and locate a suitable mounting location that is:
 - A.) Lower than the bottom of the fuel tank.
 - B.) A flat surface that will be out of the weather.
 - C.) Easily accessible for routing the fuel lines and wiring.
4. Mark the mounting hole locations and drill (4) 11/64" holes for the supplied self-tapping bolts.
5. The positive and negative threaded studs are made of brass for superior corrosion resistance.
6. Use ring terminals for secure, trouble free connections on this fuel pump.
7. **Always make sure that you have a clean ground connection.**

Ultimate Bolt-On Performance® Lifetime Warranty

Trick Flow Specialties cylinder head castings are backed by a lifetime warranty. If a cylinder head casting fails to provide the original purchaser with complete satisfaction, Trick Flow Specialties will repair or replace it free of charge — guaranteed!

Moreover, the valves, valve guides, valve seats, valve job, valve springs, valve spring retainers, valve locks, rocker arm studs, guideplates, and valve stem seals included on assembled Trick Flow Specialties cylinder heads are warranted to the original purchaser to be free from defects in materials and workmanship for a period of two years from the date of purchase. All other Trick Flow Specialties products are warranted to be free from defects in materials and workmanship for a period of 90 days. There are no mileage limitations.

Extent of Warranty

Customers who believe they have a defective product should return it to the dealer from which they purchased or ship it freight prepaid to Trick Flow Specialties along with proof of purchase and a complete description of the problem. If a thorough inspection indicates defects in materials or workmanship, our sole obligation is to repair or replace the product.

This warranty is only if the product is properly installed, subjected to normal use and service, did not fail due to owner negligence or misuse, and has not been altered or modified.

Trick Flow Specialties warranties do not cover any installation or removal costs.

Trick Flow Specialties is not liable for consequential damages for breach of contract of any warranty in excess of the purchase price of the product sold.

PROPOSITION 65 WARNING

This product may contain one or more substances or chemicals known to the state of California to cause cancer, birth defects or other reproductive harm.
