

Toyota 4Runner LIFT KITS

4" 4Runner Kits

Tuff Country's 4 inch lift kits for the 2010-2017 Toyota 4Runners will allow for up to 33" tires and give a great new look. Installs easily using a combination of upper control arms and coil/strut spacers to lift the front end. Rear EZ-Ride Coil Springs raise the rear end.

- Upper control arms using extremely durable uni-ball or standard ball joints
- Fit up to 33" tires
- Proudly made in the USA
