

# Power A Small Town

## With Tuff Stuff's NEW 160 AMP Silver Bullet Alternators!

The "Ultimate" in Looks AND Performance!

- Specially designed smooth diecast housings
- Carefully hand polished and triple chrome plated to absolute perfection
- Polished aluminum and powder coated also available in a variety of colors
- "Billet" aluminum fan and your choice of serpentine or V-groove pulley gives it over-the-top styling
- Exclusively developed high tech rotors and stators, built with higher copper and steel content, deliver the greatest output with the best reliability
- Ultra low cut-in voltage regulators keeps the extra amps flowing in low idle situations
- Highest quality neoprene sealed bearings for long life
- Simple one wire hook up
- Unique side output terminal and flat machined back housing allows for extra clearance for custom bracket systems
- Four different models available with 7935, 7866, 7860 or 7861 mounting frames
- 100% NEW – NOT REBUILT!
