

WARRANTIES

Wheels are under warranty against defect of materials or workmanship for one year from the invoiced date. Peeling, flaking, or blistering of chrome plating is not considered defects in materials or workmanship.

This warranty does not cover corrosion or discoloration by exposure to cleaning products used against the wheel not in accordance with suggested treatments. Automatic car washes are not recommended.

These warranties are void if wheel is damaged due to improper mounting, installation, curb damage, neglect or normal wear and tear.

All blowout items are sold “as is” without warranty.

WARRANTY TRANSFERABILITY

All warranties are non-transferable and do not cover return freight charges, damage caused by improper handling, use, mounting or installation. These warranties do not assume coverage of expenses for diagnosis, removal, balancing, or cost of installation labor.

CARE INSTRUCTIONS

Chrome or painted wheels are to be cleaned with nothing other than mild soap and water. Harsh chemicals, detergents, polishing compounds, or abrasives are not to be used as they will damage the wheel and void the warranty. Be sure to cool wheels with cool running water before cleaning as failing to do so may cause discoloration.
