Estimated Time : 5 min.

Replacement for OEM  
88568-52010-83

04-10 Scion tC  
04-07 Scion xA  
05-07 Scion xB

00-05 Toyota Echo  
**01-05 Toyota RAV 4**

1. The filter is located behind the glove compartment. Open glove box and push on the sides while pulling down to disengage the latches. Allow glove box to swing down on its hinges.

3. Remove old filter from tray and install new TYC filter.

4. Reinstall in reverse order.

2. Push on the 2 locking tabs found on the filter access door and slide out the filter tray.

Installation guide pictures are from the **BOLD** vehicle model.
