TYC #: 800058C

Estimated Time : 10 min.

Replacement for OEM
19130403 (New)
25740404 (Old)
88957450 (Old)

03-10 Cadillac CTS
05-10 Cadillac STS/STS-V
04-09 Cadillac SRX

1. The filter is located under the hood below the windshield at the passenger side. Pull away the rubber lining and remove the 4 bolts securing the plastic cowl cover. Lift up and remove cowl cover, set it aside.

2. Filter can be found under the cowl cover. Reach in to the filter housing and pull filter towards the front of the car.

3. Slide out the old filter from its housing and replace with new TYC filter. Ensure that Air Flow arrow is pointing towards the cabin of the vehicle.

4. Reinstall in reverse order.
