1. The filter is located behind the glove compartment. Open glove box and push in on the sides to clear the latches and allow box to swing down on its hinges.

3. Pull out the old filter and replace with new TYC filter, ensuring that the UP arrow is pointing up.

4. Reinstall in reverse order.

2. Reach in and pull on the retaining tab on the left side of the filter access door. Remove door and set aside.
