07-10 Nissan Versa Hatchback/ Sedan

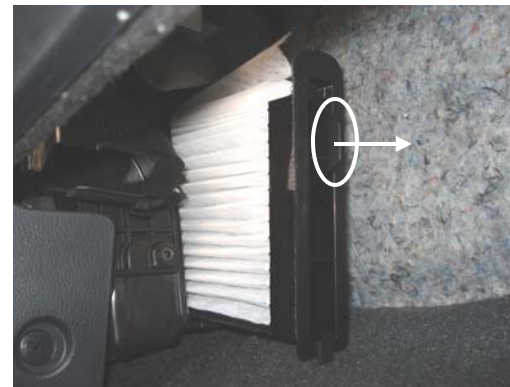

1. The filter is located behind the glove compartment. Remove glove box by uninstalling the 3 screws found at the top, and 4 screws at the bottom.

3. Pull on the tab at the top of the filter access door, then push up slightly to release the door.

2. Disconnect the electrical connector at the top of the glove box to allow glove box to be completely removed. Set glove box aside.

4. Grab on the handle and slide out the old filter towards the right. Replace with new TYC filter, ensuring that the Up arrow is pointing up.

5. Reinstall in reverse order.
