- ▶ Easy Installation, Perfect Fit

TYC #: 800110C

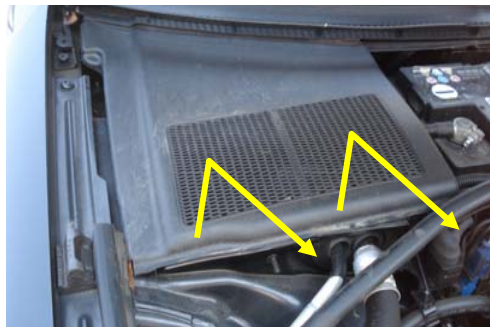

Estimated Time : 5 min.

Replacement for OEM
4B0 819 439C (C)
8E0 819 439 (P)

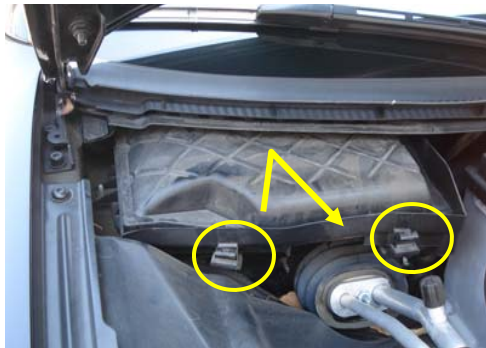

02-08 Audi A4/S4
98-04 Audi A6/S6

1. The filter is located in the engine compartment, on the passenger side. Begin by removing the weather strip. Pull it away from the plastic covering.

2. Remove plastic cover by lifting upwards then pulling forward. Set plastic cover aside.

3. Remove the filter cover by releasing the 2 clips at the front, lifting the cover and pulling forward. Remove cover and set aside.

4. Lift up and pull out the old filter to remove. Replace with new TYC filter. Ensure that the air flow indicator is pointing downward.

5. Reinstall in reverse order.

Installation guide pictures are from the **BOLD** vehicle model.
