Driver/Left Side Armor Assembly
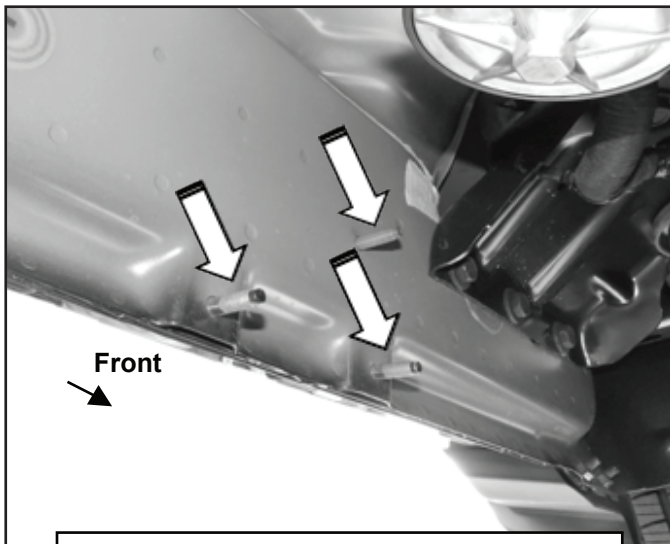

Passenger/right Side Armor Assembly

Front

STEP 1

Start the installation under the driver/left side of the vehicle. Locate the front (3) factory studs along the inner side of the body panel, (Fig 1).
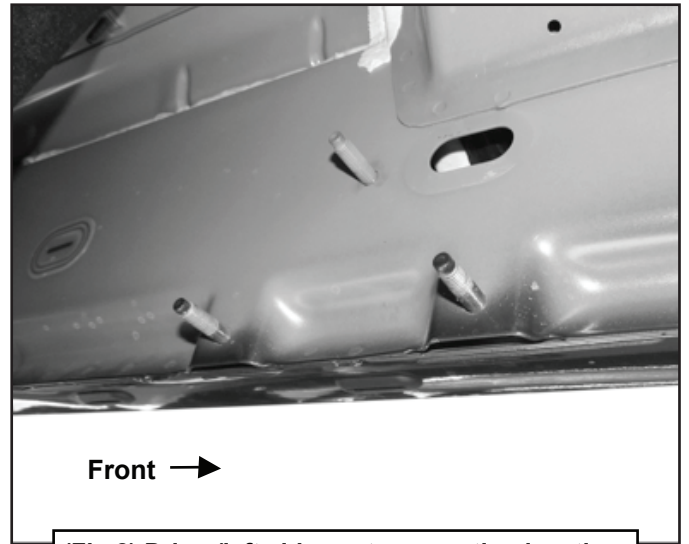

**NOTE**: Use a wire brush or die to remove paint buildup on the threaded studs.

Front

(Fig 1) Driver/left side front mounting location

STEP 2

Move along the body panel to the center and rear mounting locations and repeat Step 1, (Figs 2-3).

Rear

(Fig 7) Driver/left side rear complete install

STEP 5

Level and adjust the Side Armor properly and tighten all hardware.

STEP 6

Repeat Steps 1-5 for passenger/right Side Armor assembly installation.

STEP 7

Do periodic inspections to the installation to make sure that all hardware is secure and tight.
