

WHY TYGER?

THE QUALITY YOU CAN TRUST.

To ensure the perfect finish of our black bars and for better rust resistance, we focus every procedure during production including E-Coat and the Pre-treatment before the Black Powder coating. Meanwhile, some similar products in the market reduce their costs by ignoring our first two key procedures.

HOW WE DO IT

- ① Pre-treatment to remove impurities
- ② Special "E-Coat" Inside & Out
- ③ Dual-Stage Semi-Glossy Black Powder

E-COAT

Consistency - uniform density
Durability - 1000Hrs+ of salt spray resistance
Electrodeposition - uses electrical current to deposit the paint

PRE-TREATMENT

Phosphate- a smoother & stable surface
Acid Washing - removes rust
Oil Degreasing - rust and corrosion resistance.

RESULTS WITHOUT PRE-TREATMENT AND E-COAT

Paint bubbles

Rust dust

Fits most Sedans/Hatchbacks/Minivans and SUVs without Rear Spoilers.

Safety Strap included

Must use the included safety strap to stabilize the bikes during driving. Any accident or damage caused by not following this instruction will not be covered!

Rear Spoiler, Won't Fit!

**This product doesn't fit the vehicle with Rear Spoiler.
Please note this before ordering.**

RV

Trailer

Camper

Do NOT install the bike carrier on trailers, campers, RVs or any vehicles longer than 18 feet.
