THE MOST VERSATILE HARD FOLDING COVER ON THE MARKET

STYLE AND SECURITY

Ultra-low profile design rests the cover inside the bed rails allowing for a very sleek look. FLEX panels automatically latch and lock to the cover's mountings rails, making it simple to secure the belongings inside your bed.

FULL ACCESS

Built in prop rods lock the cover in it's upright position allowing your truck to be driven with the cover fully open. You can utilize your entire truck bed at any time without removing the cover or sacrificing valuable bed space.
