

NEW EXPRESSIVE DESIGN

Designed with a sleek, aerodynamic, sporty style that is functional and looks great on your truck.

NEW CENTER POINT LOCK

A single low profile TWIST-LOCK located in the center of the SE operates latches on both sides of the truck bed; so your valuables stay secure and hidden. An inventive new design offers the same strength and security as our previous models, refined for a streamlined look and easier operation.

NEW CONCEALED HINGE

New low profile design includes a completely concealed hinge – which provides a tighter fit to your truck bed and allows for quick no-tool removal. Easy on, easy off, strong, durable and concealed.

Our L.E.D. LIGHT shines bright using a self-contained battery power source—no wiring!

SOME THINGS CHANGE.

We've expanded our line of products to include the UnderCover SE, a tonneau with everything that made UnderCover the industry standard, and a great new look.

The UnderCover SE is made of the same ABS composite material as our original UnderCover tonneau covers, but with a sleek aerodynamic design. We've redesigned the lock and concealed the hinges to give you a strong, durable tonneau cover with a sporty style that looks great on your truck.

SOME THINGS NEVER WILL.

Underneath our new style, we're the same UnderCover we've always been. Durable. Lightweight. Practical. The new UnderCover SE keeps your gear secure and gives your truck an impressive custom look.

ALWAYS LIGHTWEIGHT & EASY TO REMOVE.
