

Uniden® PRO401HH

Professional 40 Channel Handheld CB Radio

Uniden PRO401HH

We deliver the convenience of a handheld CB radio with the security of knowing you have the longest range possible so you can always stay in touch. Whether you're in your car, truck, van or bike, over the road, camping out or just out hiking the trail the high performance PRO401HH guarantees you're never out of touch.

The PRO401HH also includes a low-power setting to conserve battery life and a high-power setting so you can extend your range when needed. Safety, style and range, all brought to you by Uniden, the first name in CB radios.
