

Platinum Series Bug Shield

Installation Instruction: G

1) Thoroughly clean front hood area. Open hood.

2) "Dry Fit" the bugshield by holding it up to the hood. (This will help verify if you have the correct shield for your vehicle).

3) Hold bugshield securely in place and lower hood to determine that the shield is centered. Do so by "eyeballing" either end. Make adjustments as needed.

4) Mark the position of the two center holes and remove the bugshield.

5) Carefully drill the marked holes with a 1/8" drill bit. IMPORTANT: Take care not to drill through or damage the top of hood.

6) Replace bugshield and install two center holes using the screws and rubber washers supplied.

7) Repeat steps 4-6 for the two outside screws.

8) Close hood and tell all your friends about your FANTASTIC new shield from WADE.

Cleaning Instructions: Wash with warm water and a mild soap solution using a soft, clean cloth or sponge. Use of cleaners not approved for acrylic, or use of improper solvents could result in permanent damage which will not be covered by the warranty.

Warning: All items are made of breakage resistant material, but to avoid damage, machine car washes are not advised.
