

Sizes marked "Special" require a custom wheel measurement.

Just two measurements will tell you what size you need:

1. Outside Diameter

Measure at top of bottom of the wheel for thickness.

On older model cars, measure the high point of the finger indents.

2. Grip Circumference

Size Chart for Honda

Beginning Year	Ending Year	Model	Size
1980	1985	Accord	A
2008	2012	Accord	14 1/2 X 4 1/8
